iSurance Flexi Term

IDBI Federal iSurance Flexi Term Insurance Plan

A non-linked, non-participating term life insurance plan.

Like you, we asked ourselves, why are Life Insurance Plans always inflexible and stereotypical?

Shouldn't your term plan give you the choice and flexibility to suit your family's needs?

So we made a plan that gives you choice while keeping it simple, friendly and affordable...the kind of insurance we'd want for ourselves.

Presenting,

IDBI Federal iSurance Flexi Term Insurance Plan!

(Referred to as iSurance Flexi)

A Plan that allows you to make your family monetarily secure against death, terminal medical conditions and Accidental death.

A quick Introduction of the choices that iSurance Flexi offers you:

Option	Your Choices	A short description of the benefits
1	Lump sum with Conversion Option	Pays a Lump sum amount on Death or under specified terminal medical conditions
2	Fixed Monthly Income Benefit	Pays your family a regular monthly income on death for 15 years
3	Lump sum + Fixed Monthly Income Benefit	Pays your family a Lump sum on death + a regular monthly income for 15 years
4	Lump sum + Increasing Monthly Income Benefit	Pays your family a Lump sum on death + a regular monthly income for 15 years + we increase the regular monthly income each year by 7.5%

Few important insurance terms you should know

Life insurance has its own language, you see!

Beneficiary	The person you appoint as a nominee or the legal heir who is entitled to receive the Death Benefit in case of your unfortunate death.
Life Insured	The person (you), who takes the policy from a life insurance company (us). Also known as 'Policyholder'.
Policy Term	The number of years for which you want to cover your life.
Premium	This is the amount you pay us to cover your life.
Premium Payment Term	The number of years for which you need to pay the premium for your policy.
Premium Payment Frequency	The frequency with which you need to pay the premium for your policy.

Let's Know The Plan Benefits In Detail

Lump sum with Conversion Option

With this option, Death Benefit is paid to your beneficiary in lump sum, in case of death during the policy term, provided your policy is in force. Upon payment of the benefit, your policy ceases.

Conversion Option: This option comes with the benefit of another value feature called 'Conversion option'. In case you are diagnosed with any of the specified medical conditions (terminal conditions) before attaining the age of 65 years, and you choose to exercise this option, you can encash your Death Benefit amount at a pre-determined rate. Upon valid claim, this due amount is paid out immediately as a lump sum and can be useful in covering your medical expenses.

You can choose to exercise this option on occurrence of any of the below specified medical conditions (terminal conditions) 5 years prior to your Policy Maturity date as mentioned in the Policy Schedule, once the option is exercised it cannot be reversed.

A waiting period of 180 days is applicable from the commencement or reinstatement of the policy for availing the Conversion Option.

If you choose not to exercise this option, your Death Benefit will continue as usual, provided you continue to pay the premiums and the benefit will be paid in event of Death of the Life Insured.

This benefit is payable only once during the policy term.

In case your Death Benefit is less than or equal to 1 crore and you exercise Conversion option:

On acceptance of claim for Conversion option, we will pay the reduced value as per conversion rate below. After payment of the encashed value (reduced value of Death Benefit), the policy will terminate and no further death benefit will be payable on death of the Life insured.

Specified medical conditions covered (Terminal Conditions)	Conversion rate
Cancer of defined severity	71% of Death Benefit
Heart Attack of defined severity	50% of Death Benefit
Stroke of defined severity	50% of Death Benefit

In case your Death Benefit is greater than 1 crore and you exercise Conversion option:

On acceptance of claim for Conversion option, we will pay the reduced value of Conversion benefit as shown in the table below, further upon death of Life Insured after exercising this option, while policy is in force we will pay the Death Benefit amount less 1 crore.

Specified medical conditions covered (Terminal Conditions)	Maximum Conversion rate
Cancer of defined severity	71% of 1 crore
Heart Attack of defined severity	50% of 1 crore
Stroke of defined severity	50% of 1 crore

You will need to pay the reduced premiums corresponding to the reduced Death Benefit till end of the premium payment term to keep the policy in force.

Please refer to 'Other Information' section for definitions and exclusions of Specified Medical Conditions (Terminal Conditions).

Fixed Monthly Income benefit

With this option, your beneficiary is paid Death Benefit in form of monthly income for the next fifteen years in the event of death during the policy term, provided your policy is in force. This monthly income will be 0.60% of Death Benefit paid every month for next fifteen years i.e. 180 monthly installments.

Example: Consider that you have taken iSurance Flexi Policy with Fixed Monthly Income benefit option for Basic Sum Assured of ₹1 crore. In the event of death during the policy term, your beneficiary will get a monthly income of ₹60,000 per month for the next 15 years.

The total benefit paid to your beneficiary under this option will be 108% of the Basic Sum Assured.

Your beneficiary can avail monthly income in lump sum anytime after the death by exercising Commutation option; the lump sum will be calculated as per the commutation factors provided in the policy document.

Lump sum + Fixed Monthly Income benefit

With this option, your beneficiary will get 10% of the Death Benefit as a lump sum in the event of death during the policy term, provided your policy is in force. This amount will help financially stabilize your family in the sudden crisis. The remaining 90% of the Death Benefit will be paid out as Fixed Monthly Income as 0.50% of Death Benefit for the next fifteen years i.e. 180 monthly installments.

Example: Consider that you have taken iSurance Flexi Policy with Lump Sum + Fixed Monthly Income Benefit option for Basic Sum Assured of ₹1 crore. In the event of death during the policy term, your beneficiary will get 10% of the Death Benefit i.e. ₹10 lakhs immediately as lump sum and a Fixed Monthly Income of ₹50,000 per month will be paid for the next 15 years.

Your beneficiary can avail monthly income in lump sum anytime after the death by exercising Commutation option, the lump sum will be calculated as per the commutation factors provided in the policy document.

Lump sum + Increasing Monthly Income Benefit

With this option, your beneficiary will get 10% of the Death Benefit as a lump sum in the event of death during the policy term, provided your policy is in force. The remaining Death Benefit will be paid out as monthly income benefit of 0.50% of Death Benefit for the next fifteen years. However, the monthly income benefit shall increase by 7.5% compounded on an annual basis to help override the effect of inflation on this income.

Example: Consider that you have taken iSurance Flexi Policy with Lump Sum + Increasing Monthly Income Benefit for Basic Sum Assured of ₹1 crore. In the event of your death during the policy term, your beneficiary will get 10% of the Death Benefit i.e. ₹10 lakhs immediately as lump sum and a monthly income of ₹50,000 per month increasing at 7.5% annually for the next 14 years.

The total benefit paid to your beneficiary under this option will be 166% of the Death Benefit.

Your beneficiary can avail monthly income in lump sum anytime after the death by exercising Commutation option, the lump sum will be calculated as per the commutation factors provided in the policy document.

Note:

Death Benefit is the highest of,

- 10 times the Annualized Premium¹
- 105% of all the Premiums Paid² as on date of death
- Guaranteed Sum Assured on maturity (Maturity Sum Assured)³
- Any Absolute Amount Assured to be paid on death⁴

On payment of Death Benefit, the policy will terminate and all rights, benefits and interests under the policy will stand extinguished.

Where,

¹Annualized premium is the premium payable in a year chosen by the policyholder, excluding the underwriting extra premiums and loadings for modal premiums, if any. Goods & Service tax and cess as applicable, will not be included in the contractual premium and will be collected from the policy holder separately and over and above such premium.

²Premiums paid is Annualized Premium * Number of years for which premiums have been paid.

³Guaranteed Sum Assured on maturity (Maturity Sum Assured) is 0.

⁴Absolute amount assured to be paid on death is Basic Sum Assured.

Accidental Death Benefit

You can additionally opt for Accidental Death Benefit option with iSurance Flexi. With this, your family will receive a payout in addition to the Death Benefit, in case of death (within 180 days) due to an accident during the policy term. Accidental Death Benefit will be equal to Basic Sum Assured, subject to maximum limit of ₹2cr and maximum of 30% of the premium for Basic Sum Assured. To avail this benefit, maximum age at maturity cannot be more than 75 years.

Please refer to 'Other Information' section for Definitions and Exclusion of Accidental Death Benefit.

Other Information

Maturity Benefit

There is no Maturity Benefit under this plan.

Loans

No Loans available under this policy.

Surrender Value

The policy does not acquire any surrender value throughout the policy term.

Grace period

The plan allows for a grace period of 15 days for monthly mode and 30 days for other modes from the date of the last unpaid premium. The policy will remain in force during the grace period and benefits under this policy will be payable. In case of any claim during this period, we will pay the benefit amount after deducting the premium amount without interest, due as on the claim event. If premium is not paid within the grace period (from the date of the last unpaid premium), the Death Benefit will lapse and revival clause will come into effect.

Lapse

The policy shall lapse if premium are not paid before the grace period. No benefit shall be payable in a lapsed policy.

Revival

A policy may be revived subject to the following conditions:

- a) An application for revival is made within 2 years from the date of the last unpaid premium.
- b) The insured person has furnished satisfactory evidence of health and other requirements as per the Company's Board approved underwriting policy.
- c) The arrears of premium together with interest, at such rate as decided by the Company from time to time, is received along with the revival application. The interest rate will be 3% more than the 10 year yield of Government securities, however for the ease of administration, the rates will be reviewed every 6 months only.

Depending on policy holder's health and other circumstances, we will revive a policy on modified terms or decline it as per the Company's Board approved underwriting policy.

Free Look Period

You/Policyholder are entitled to a free look period of 15 days from the date of receipt of the policy document to review the terms and conditions of the policy. In case you do not agree with any of the terms and conditions, you have the option to return the policy to us for cancellation by communicating the same in writing stating the reasons for objections. We will refund you the premium amount after deducting the proportionate premium for the cover provided during that time plus any medical examination cost and stamp duty charges incurred by us in respect of the policy. All the benefits under the policy will stand extinguished immediately on the cancellation of the Policy under the free look. For electronic policies and the policies solicited through Distance Marketing mode*, free-look period of 30 days from the date of receipt of your policy document is applicable.

*Distance mode includes every activity of solicitation (including lead generation) and sale of insurance products through the following modes:

- ◆ Voice mode, which includes telephone-calling
- ◆ Short Messaging Service (SMS)
- ◆ Electronic mode which includes e-mail and interactive television (DTH)
